

Product Request Letter

Dear Store Manager,

As loyal shoppers at your store my friends and I would appreciate it if you would consider carrying a healthy and delicious product of GlutenLess Gourmet (local manufacturer).

Glutenless Gourmet products are derived from homemade recipes making them extremely delicious. To ensure the taste remains authentic after the freezing process it has been decided to only use real and natural ingredients. Further the secret gluten free flour blend is mixed from the finest flours and starches to add the much needed nutrients into your diet such as fibers, vitamins, and minerals.

Currently, only several stores carry GlutenLess Gourmet products and they are pretty far from our location. I'd like to ask if you would consider carrying GlutenLess Gourmet products in your store. Thank you so much for your consideration of these products. My friends and I all look forward to hearing your decision. We hope you see the value in adding a quality, healthy and delicious products to your inventory.

Kind regards,
